Our Core Beliefs

In Hua Yi, we believe that all students are unpolished gems who have different gifts and abilities. All can learn and grow, have the potential to excel, and eventually, will make a difference to society.

These beliefs guide us in the design and implementation of programmes aimed towards achieving the school's desired student outcomes.

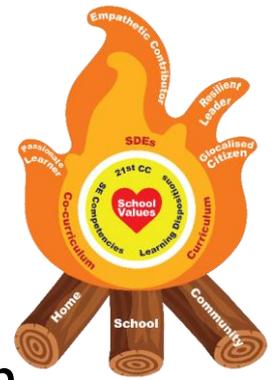

Hua Yi Student Outcomes

We aim to develop Hua Yians to be:

- 1) **Passionate Learners**, who take responsibility for their own learning and are motivated to be life-long learners;
- 2) **Resilient Leaders**, who have the courage and flexibility to make difficult decisions in the best interest of others;
- 3) **Empathetic Contributors**, who demonstrate the willingness to help others by stepping forward to make a difference; and
- 4) **Glocalised Citizens** who actively pursue understanding of contemporary trends and issues to stay rooted to Singapore and relevant to the world.

Hua Yi's brand of Education

- Hua Yi's brand of education focuses on holistic student development, and we have developed a Total Curriculum which provides platforms for student development in all domains – physical, intellectual, moral, socio-emotional, aesthetics and leadership.
- Intent and purpose of our programmes – promoting joy in learning; developing mindsets and attitude to learn for life; *Making a Difference* in others.

Blended Learning in Hua Yi (ILD)

- Every Friday on even weeks, students will go through Independent Learning Day (ILD) which is fully asynchronous.
- Comprises 2 segments:
 - Curriculum Coverage which takes the form of research, collaborative projects, applied learning, utilising iPad
 - Student-Initiated Learning where students pursue interests of their choice in areas such as Music and Drama, Art & Craft, Sports & Fitness, Languages, Botany, Digital Media, etc.
- House-based with teachers as mentors

House Structure in Hua Yi

- 5 Houses: **Altius**, **Citius**, **Diutius**, **Fortius**, Latius
- Each class will be assigned to a House. Students will remain in the same class for the 4 years they are in Hua Yi. This is to facilitate social mixing across levels and streams and to enable students to build meaningful friendships.
- Each House is led by a House Advisor, House Master, House Managers and House DM.

Key Student Development Experiences (SDEs) for Sec 2

School-wide:

- Mother Tongue Language Fortnight – Term 2 / Weeks 1-2
- Cross-Country – Term 3 / 28 June
- Montage – Term 3 / 7-8 July

2023 Start It Right Programme

**Set the overall tone
and expectations**

**Prepare students'
mindsets to
approach the year**

**Develop good
habits and routines
and strengthen
personal
competencies**

**Build positive
teacher-student and
student-student
rapport and
relationships**

covering Me

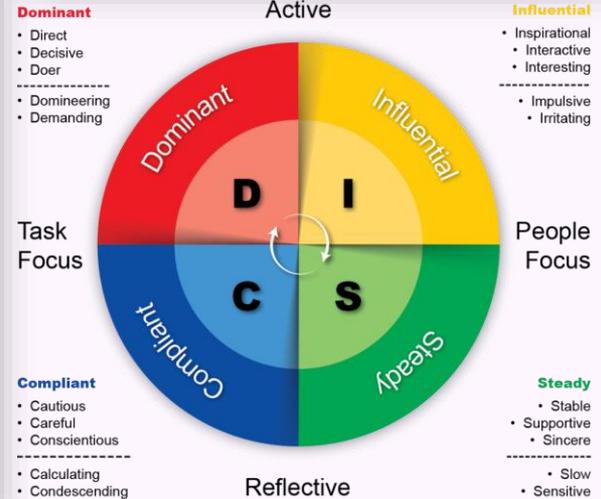

A profiling tool that helps students discover their natural characteristics, strengths and inherent blind-spots.

DISCovering Me

- Learn and identify their personality type
- Gain greater awareness of their personality type characteristics
- Develop greater sensitivity and appreciation to others
- Develop more effective interpersonal communication skills

Emotional Intelligence

- **Helps to better understand one's emotional intelligence and ways to manage emotions**
- **Gain a better understanding of how different every individual is**
- **Encourage students to practice emotional intelligence in their daily lives and in their interaction with peers and others around them**

Emotional Intelligence

How emotionally intelligent are you?

Scan the QR Code below and take about 15 minutes to do the quiz on your own:

Scenarios discussion: 15 minutes: Choose 3 of the following scenarios to discuss with your shoulder partner and be ready to share with the class after.

Scenario 1: You're in a meeting and a peer criticizes you in front of other members.

Scenario 2: Your good friend tells you that it hurts their feelings when you forget to do something which you agreed to.

Scenario 5: Your two friends come to you to complain to you about each other and ask you what they should do with regard to their grievances about each other.

Scenario 3: You and your friend were up for the same CCA Leadership position but they got it instead of you.

Scenario 4: Your teacher comes to speak to you about this new initiative she wants you to take charge of in your class but it's something no one has tried before.

Benefits of Emotional Intelligence

- According to the World Economic Forum, emotional intelligence is one of the top 10 skills needed for professional success in 2020 and beyond.
- Research suggests that a high EQ is associated with a range of benefits, from improved mental health and relationships, to higher academic performance
- A higher EQ is suggested to represent higher level of happiness.

Top 10 skills of 2025

- Type of skill**
- Problem-solving
 - Self-management
 - Working with people
 - Technology use and development

Zones of Regulation

	Blue Zone	Green Zone
How I Look Or Act	I slouch and sigh. I gawn with eyes half-closed. I move slowly.	I sit up straight. I see and hear everything clearly. I smile and respond politely.
Needed Action	Pay attention more. Be energized.	Keep it up. You are doing great.
	Yellow Zone	Red Zone
How I Look Or Act	I squirm and fidget in my seat. I cannot pay attention. I frown and seldom talk.	I glare and my eyebrows are furrowed. I scream or yell. I stomp angrily.
Needed Action	You need to go back to the green zone.	Use strategies to calm down.

How can we be more aware of our emotions so that you can be more self-aware? Observe yourself.

I can play and enjoy the outdoors.	I can get a drink of water.	I can stop whatever I am doing.	I can close my eyes and count to 20.
I can read and study.	I can sit up straight.	I can stop back and think.	I can take deep breaths.
I can help a friend. I feel good to help cheer me up when I'm not okay.	I can take a short walk.	I can ask for a break.	I can think of a place where I feel safe.
	I can tell someone how I feel.	I can ask for help.	I can write, talk, or draw about what I feel.

Introduction to ECG

02

Education Landscape and Pathways

03

Supporting your Child's ECG Journey

What is Education and Career Guidance (ECG)?

ECG is about:

Discovering who you are

Who am I?

The more I know about what I value, what I am interested in, and what I am good at, the more likely I will be able to make informed choices in my education and career explorations.

Knowing where you want to go

Where do I want to go?

Many pathways are worth taking, and there are opportunities for continuous learning and recognition.

Knowing how to get there

How do I get there?

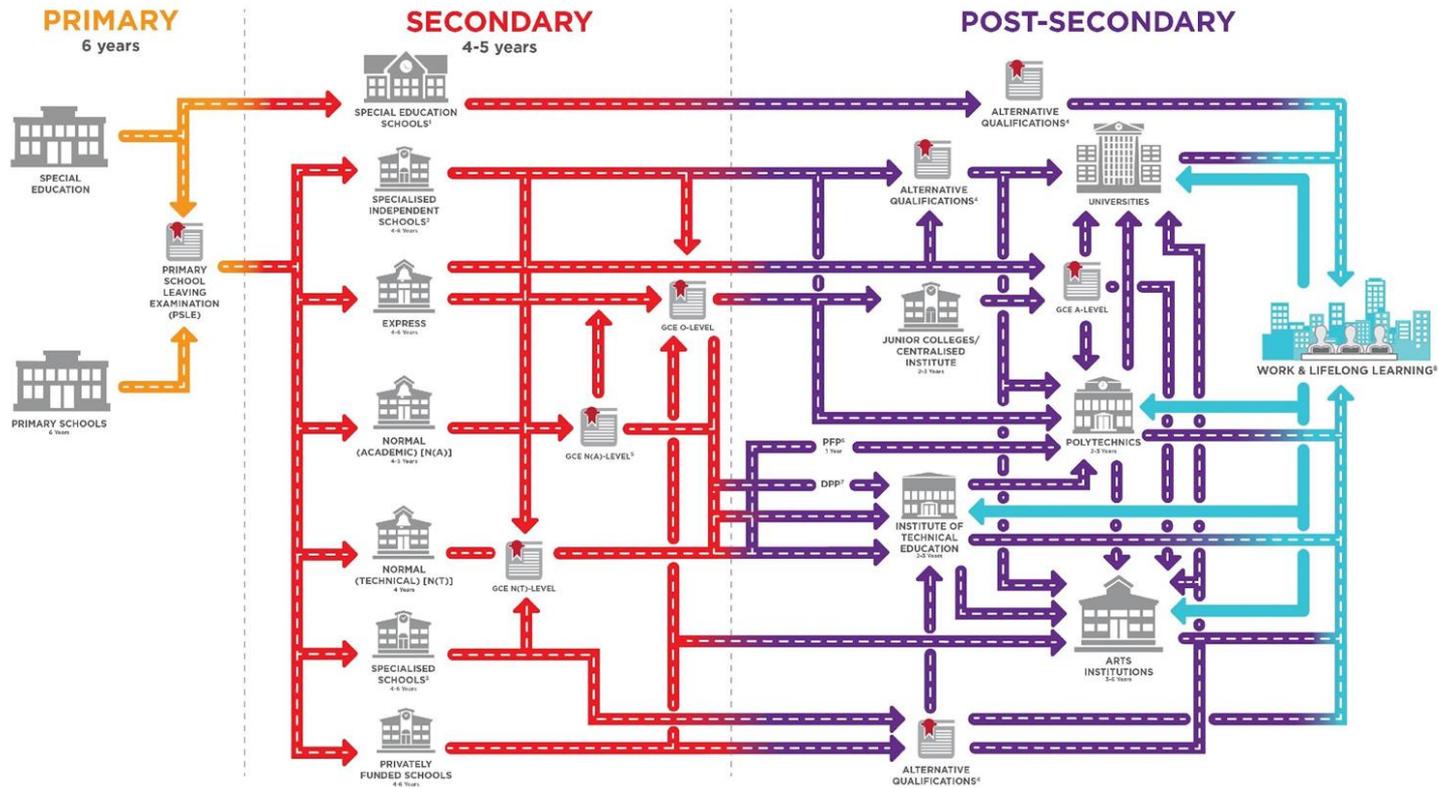

There are no dead ends. I can continue to pursue my aspirations.

Education Landscape and Pathways

Today the Education Landscape is Dynamic
